

01/02/21

Dear Parents,

I hope this email finds you well. Thank you for facilitating remote learning to date. It has been greatly uplifting to see the engagement from home and I would like to take this opportunity to commend our students for all their hard work.

### **Breakfast/After School Service**

**From September 2021, there is the potential for a breakfast/after school service to be run within the grounds of the school.** If you feel that this is something that would be beneficial to you and your family could you please fill out this short [survey](#) in order for us to identify the viability of opening this service.

### **Online Payments**

**In future, almost all monies collected on behalf of the school will be done online.** This will include payments for book rental, school tours, school insurance etc... You will be notified by email of any school payments that need to be made.

### **Supports**

The Department of Education have issued a document that outlines supports available to parents with regard to remote learning. I have attached the document [here](#). Our school staff are available to provide supports also regarding your child's learning. You can contact them via email:
